How To Make Out-Of-Town Calls

Out-of-Town calls can be completed almost as quickly as local calls, providing you give the telephone number when calling.

Keeping a record of Out-of-Town numbers frequently called will save time on future calls. If you wish to have the telephone numbers of a list of out-of-town subscribers, our Business Office will be glad to furnish them.

OUT-OF-TOWN CALLS ARE OF TWO GENERAL CLASSES:

Station-to-Station Calls

When you want us to do nothing more than to connect you with an individual line or party line telephone or private switchboard, call "Long Distance" and tell the operator the city, state and the telephone number. If you don't know the number, give the operator the name and address, as for example: "St. Louis, Missouri, ANYONE at Read's Department Store, 2100 Broad Street." Give your number when the operator requests it.

The charge for a Station-to-Station call begins when the called telephone or private switchboard answers.

Station-to-Station service should be used when you are willing to talk to ANYONE answering the called telephone or when you are sure the person with whom you wish to talk will be there.

See the next column if you want to call either a particular person or a particular telephone or department reached through a private switchboard.

Person-to-Person Calls

When you want to be connected with some particular person or with a particular telephone or department reached through a private switchboard, call "Long Distance." Tell the operator the city, state, and person or department wanted, and also the telephone number and extension number if you know them. Give your number when the operator requests it.

The charge for a Person-to-Person call begins when you reach the person, extension, or department you want.

Appointment and Messenger calls take Person-to-Person rates plus the cost of any messenger service performed. Messenger charges incurred are to be paid whether or not conversation is held.

Day, Night and Sunday Rates

DAY RATES apply to Station-to-Station and Person-to-Person calls between 4:30 A. M. and 7:00 P. M. on all days except Sunday.

NIGHT and SUNDAY RATES. Reduced rates apply between 7:00 P. M. and 4:30 A. M. daily and all day Sunday if the initial period rate exceeds 35 cents for a Station-to-Station call or 50 cents for a Person-to-Person call.

The time of day, at the originating point, when conversation starts, determines whether DAY or NIGHT AND SUNDAY rates apply.

Collect Calls and Report Charges

A COLLECT CALL is a Station-to-Station or Person-to-Person call, for which you wish to have the subscriber at the distant point pay the charges. The regular Day, Night and Sunday rates for Person-to-Person and Station-to-Station calls apply except that:

On collect Station-to-Station calls where the initial period rate is less than twenty cents the regular Person-to-Person rate applies,

And

Where the initial period rate is twenty cents the collect rate is twenty-five cents for an initial period of five minutes.

A request to make a call collect should be given to the operator when the call is placed, so that she can endeavor to obtain acceptance of the charges before the connection is established.

If the called party refuses to accept the charge, a report charge will be made unless the call is completed as a paid message.

A REPORT CHARGE is made on Person-to-Person calls if within one hour the operator secures a connection to the called telephone but is unable to complete the call because the particular person desired is not in; will not talk; or if the calling party is absent or refuses to talk when the called party is reached; or if the called party is unknown at the called telephone.

No report charge is made if the call is finally completed to the called party or a substitute at the called telephone.

Report charges are not applicable to Station-to-Station calls, except on intrastate collect calls where the charges are not accepted at the called station and the calling party is unwilling to pay the charges for completing the call.

In any case where a report charge applies, the minimum charge is ten cents.

Report charges do not apply on calls to or from points in other states.

Requests for Rates and Charges

On request, the operator will quote the rate to any out-of-town point. If you wish to be told the charges on a particular call, make the request when you place the call or when you accept a "collect" call. The operator will call you back and quote charges.

International and Ship Telephone Service

Telephone service is available from your telephone to certain foreign countries, subject to such limitations with respect to completion as may be enforced from time to time by the government of such country or by the United States Government.

Telephone service is also offered to a great many ships on inland waterways, and to many ships in coastal waters and at sea, when they are within reach.

Rates and further information concerning International and Ship-to-Shore telephone service may be secured or calls may be placed by calling "Long Distance".

GENERAL INFORMATION FOR SUBSCRIBERS

The Use of the Company's Lines is limited to communications between parties both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Messages originating at public telephones where it is necessary to deposit a nickel for each completed connection are subject to a charge of 5 cents for each period of five minutes.

Customers on Party Lines are limited to five minutes' use of the line at one time.

Telephone Service Calls. On page 1 of this directory are listed the departments to call to obtain the telephone numbers of subscribers not listed in this directory, to report service irregularities and to report telephones out of order.

Applications for New Service, Changes in Location and Discontinuance of Service. When new service is desired, or when subscribers wish telephone equipment rearranged, moved from one address to another, or telephone service disconnected, either temporarily or permanently, reasonable advance notice to our Business Office will assist in having the necessary work completed by the date desired.

Service Charges are due and payable at the Company's office within the discount period shown on each bill. Accounts unpaid after the expiration of the discount period are overdue and service is subject to suspension.

Schedules of Rates Effective at each exchange are on file at the Manager's office and can be examined by applying there.

This Telephone Directory is, and remains, the property of the Wisconsin Telephone Company and must be surrendered upon request. No binder, holder or auxiliary cover, unless furnished by the Company, shall be used in connection with this directory.

Every Effort is Made to Prevent Directory Errors. No liability for damages or otherwise, arising from errors or omissions in the making up or printing of its directories, shall attach to the Company except in the case of charge listings in connection with which its liability shall be limited to a refund at the monthly rate for the time an error or omission continues after reasonable notice in writing to the Company. Your assistance is requested in helping us locate errors so that they may be corrected. Please check your listing and let us know if it is not correct.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers desiring them, on payment of the charges made by the issuing company. Prices and other information may be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell your story briefly, calmly and distinctly, giving your street address, and answer promptly any questions asked by the Department called.

Patrons Are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of the Company, duly authorized to install, repair and remove telephones, or collect for service, are provided with credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service. It cannot permit the use of any equipment or other apparatus in connection with that furnished by it. **Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.**

"Please, *TAKE GOOD CARE OF YOUR* TELEPHONE"

Whenever your telephone is damaged, materials must be used in repairing it *that are directly needed* in our nation's war production. That's why, in these unusual times, we ask your co-operation in guarding against certain practices that have proved hazardous to telephone equipment.

FOR INSTANCE . . .

1 A wall box does *not* provide adequate support for your telephone. Keep it on a table or desk where it's not apt to be knocked off.

2 Don't place telephone too near a desk corner where cord may be caught on a knob as you open a drawer—or pinched when closing it.

3 Keep your telephone cord straight. Untwist it when it gets kinky. Too much twisting may injure the wire inside and require replacement.

4 When washing woodwork don't let the cord get water-soaked. Cover telephone when decorating. Don't leave it too near an open window.

5 Replace receiver carefully. Banging it down may break it. Unless it rests evenly in place, your line will be "busy" when others try to call.

6 *Don't* use a pencil or other sharp point on the dial. This injures the dial face and may result in your getting a wrong number.
